Memorandum of Understanding – Equipment Contract

Dear Parents and Students,

The West Mifflin Area School District is pleased to provide you with the opportunity to participate in the West Mifflin Area Cyber Academy education program. Home based students are given the privilege of utilizing computers and peripherals that are the sole property of the West Mifflin Area School District. Such devices are equipped with internet filtering software and may also include device tracking software.

Any computer or peripheral that is assigned to a student is to be utilized exclusively for the West Mifflin Area Cyber Academy program. Students and parents are responsible for maintaining this equipment in the condition in which it was presented. Parents and students will incur any expenses resulting in attempts to tamper with, damage or misplace equipment. Theft of any equipment should be immediately reported to a teacher or administrator. Any of these occurrences will result in expulsion from the WMA Cyber Academy. Furthermore, parents and students of the WMA Cyber Academy agree to adhere to the West Mifflin Area School District’s Acceptable Usage of the Internet policy.

Technical support is available for any computer and software related issues by calling the district’s technology help desk at (412) 466-9131 x3333. A support log will be kept to monitor all service calls and issues related to your assigned computer and peripherals.

Student and program success is contingent upon adhering to rules and guidelines. We look forward to your participation in the West Mifflin Area Cyber Academy.

Your signature verifies that you understand and agree to the rules and guidelines set forth for this program.
