Superintendent of Schools

January 15, 2021

Parents and Guardians,

The District wanted to take a minute to provide you an update on some of the happenings within the buildings and school community.

The District wants to take this opportunity to inform everyone that a plan for 5 days a week full in-person learning is being developed. The goal is to bring back grades K-3 starting Monday, February 1, and another school every week thereafter. The administration is working cooperatively with teachers to create a plan that is safe and in the best interest of all stakeholders. During this process the District will ask parents and guardians to participate in a survey to determine if your child will return to the in-person setting. The survey will be ready for completion by next week. An all call will be sent out to notify you when the survey is ready.

All documents are being updated and will be available on the website. Please be reminded that the hybrid model will no longer be utilized once the school returns to full in-person learning.

Thanks to Mrs. Welsh for creating a District Covid Counter. You can find the Covid Counter under the Covid tab on the District's homepage. It is under construction and will be available in the near future. It will be updated weekly.

Please be reminded parent teacher conferences are scheduled for February 25 and 26.

Also, Sample West Mifflin will be cancelled this year due to the pandemic.

Parents and guardians, if you have any questions and/or concerns pertaining to your child's progress please contact their teacher.

Thank you and have a great weekend.

Jeff Soles, Superintendent
