Mr. Jeffrey T. Soles
Superintendent of Schools

September 29, 2021

Parents and Guardians,

This communication is a proactive measure to maintain a safe and orderly environment for all students and staff members.

The District has become aware of a new national Tik-Tok Challenge that is to last the entire month of October. The challenge is titled “SLAP YOUR TEACHER”. Students are challenged to calmly walk up to a teacher and slap them while recording the incident.

As a warning, students who preform this challenge to any staff member will be disciplined and prosecuted to the fullest extent of the law. This effort to notify parents prior to the start of this disrespectful act against others, is in hopes that these behaviors can be deterred.

Tik-Tok has also issued challenges for the Month of November and December that are in violation of school rules.

Please take the time to discuss these social media challenges with your son/daughter to reinforce the point that these acts are dangerous and have consequences. It is our goal to make certain everyone is respected and treated appropriately while at school.

Thank you for your cooperation.
