STEM Night changed to March 7- STEM Across Careers

A member brought up a concern about the requirement to attend one meeting in order to volunteer for parties and field trips. The concern was that meetings are only in the evening and that they work most evenings. She suggested having weekend meetings or posting minutes for people to comment on in lieu of attending a meeting. It was explained that the rule is in place to ensure that active PTA members are picked fairly for the fun activities and that the attendees of the first meeting voted against allowing remote options for the meetings.
