

Dear Parent or Guardian,

The West Mifflin Area School District is notifying you that your child is currently on the ineligibility list for having less than a 1.5 GPA. This list is generated from PowerSchool every Friday. It is based on your student's letter grades from the previous week. As a result, your child is academically ineligible to participate in athletics, extra-curricular activities, clubs, and attend school events as a spectator. If, by the following Friday, a student is no longer under a 1.5 GPA, he/she becomes eligible at once.

**Recommendations for improving grades:**

- Monitoring your child's progress through PowerSchool.
  - [How to create a PowerSchool account](#)
- Regular Attendance.
  - If you need assistance contact your child's school counselor
- Completing classwork and assignments.
  - Contact your child's teacher/case manager.
  - To request a conference contact child's school counselor
- Is your child demonstrating behaviors that interfere with learning?
  - Contact Mr. Bonacci at the Middle School or Mr. Cook at the High School
  - Each school has a Student Assistance Program (SAP). This program is used to mobilize school resources to remove barriers to learning.

The district is here to assist students and parents in their journey from adolescents to young adults. It is only through honest two-way communication that we can work together to make certain every student has success academically, socially, and emotionally. Please do not hesitate to contact any school personnel to assist you and your child during their educational expedition.

Thank you for your continued support and commitment,

Secondary Administration
